ANNEXURE 2 TO THE INDEPENDENT AUDITOR'S REPORT

[Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditor's Report of even date to the members of Sheetal Diamonds Limited on the financial statements for the year ended March 31, 2017]

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")
We have audited the internal financial controls over financial reporting of Sheetal Diamonds Limited ("the Company") as of March 31, 2017 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by The Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide Reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that
(1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
(2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
(3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by The Institute of Chartered Accountants of India (ICAI).

SHEETAL DIAMONDS LIMITED

Notes to the financial statements for the year ended March 31st, 2017

1 CORPORATE INFORMATION

SHEETAL DIAMONDS LIMITED ("the company") is engaged in the trading of Loose Diamonds & Jewellery.

2 SIGNIFICANT ACCOUNTING POLICIES

a) Basis of preparation of financial statements

The financial statements have been prepared and presented under the historical cost convention, on the accrual basis of accounting in accordance with the accounting principles generally accepted in India (GAAP) and provisions of the Companies Act 2013, read with the Companies (Accounting Standard) Rules, 2006 (Accounting Standard Rules) as well as applicable pronouncements of the Institute of Chartered Accountant of India.

b) Use of estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent liabilities on the date of the financial statements. The estimates and assumptions used in the accompanying financial statements are based upon management's evaluation of the relevant facts and circumstances as of the date of the financial statements. Actual results could differ from those estimates. Any revision to accounting estimates is recognised prospectively in current and future periods.

c) Revenue recognition

a) Sales are recorded net of trade discounts, sales tax/ value added tax, rebates and excise duty. Revenue from sale of products is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer. Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and can be reliably measured.

b) Interest income is recognised on time proportion basis.

d) Inventories:

Inventories are valued at cost or net realisable value, whichever is lower. Cost is determined on FIFO basis.

e) Investments

Investments are classified into non current investments and current investments. Investments which are intended to be held for more than one year are classified as non current investments and investments which are intended to be held for less than one year, are classified as current investments. Non current investments are stated at cost and a provision for diminution in value of non current investments is made only if the decline is other than temporary in the opinion of the management. Current investments are valued at cost or market/fair value whichever is lower.

f) Provisions, Contingent Liabilities and Contingent Asset

The Company creates a provision when there is present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. When there is a possible obligation or present obligation in respect of which the likelihood of outflow of resource is remote, no provision or disclosure is made.

Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate. If it is no longer probable that the outflow of resources would be required to settle the obligation, the provision is reversed.

Contingent assets are not recognised in the financial statements. However, contingent assets are assessed continually and if it is virtually certain that an economic benefit will arise, the assets and related income are recognized in the period in which the change occurs.

g) Fixed assets and depreciation

i. Fixed assets are stated at cost of acquisition and installation less accumulated depreciation. Cost is inclusive of freight, duties, levies and any directly attributable cost of bringing the assets to their working condition for intended use.

ii. Depreciation on Fixed Assets is provided on Straight Line Method at the rates and in the manner prescribed in Schedule XIV to the Companies Act, 1956

iii. Expenses incurred on Project and other charges during construction period are included under pre-operative expenditure (grouped under Capital Work in Progress) and are allocated to the cost of Fixed Assets on the commencement of commercial operations.

h) Impairment of assets

The Company assesses at each Balance Sheet date whether there is any indication that an asset may be impaired. If any such condition exists, the company estimates the recoverable amount of the assets. If such recoverable amount of the asset or recoverable amount of the cash generating units to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognised in the Profit and Loss Account.

If at the Balance Sheet date there is an indication that if previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at revised recoverable amount.

i) Foreign currency transactions

a) Transactions denominated in foreign currency are normally recorded at the exchange rate prevailing at the time of transaction.

b) Any income or expenses on account of exchange difference either on settlement or on translation is recognised in the Profit and Loss account.

c) Monetary items denominated in foreign currencies at the year end are restated at the year end rates.

d) Non monetary items denominated in foreign currencies are carried at cost.

j) Taxation

a. Current Tax:

Provision for tax is based on the taxable profit for the accounting year after taking into consideration the relevant provisions of the Income Tax Act, 1961.

b. Deferred Tax:

Deferred tax resulting from timing difference between accounting and taxable income is accounted for using the tax rates and laws that are enacted or substantively enacted on the balance sheet date. The deferred tax asset is recognised and carried forward only to the extent there is a virtual certainty that the asset will be realised in future.

k) Borrowing Cost:

Interest and other costs incurred in connection with the borrowing of the funds are charged to revenue on accrual basis except those borrowing costs which are directly attributable to the acquisition or construction of those fixed assets, which necessarily take a substantial period of time to get ready for their intended use. Such costs are capitalized with the fixed assets.

l) Earnings per share

The basic earnings per share is computed by dividing the net profit / loss attributable to the equity shareholders for the period by the weighted average number of equity shares outstanding during the reporting period. The number of shares used in computing diluted earnings per share comprises the weighted average number of shares considered for deriving earnings per share, and also the weighted average number of equity shares, which could have been issued on the conversion of all dilutive potential shares. In computing dilutive earnings per share, only potential equity shares that are dilutive and that reduce profit / loss per share are included.

m) Cash and cash equivalent

Cash and cash equivalent for the purpose of cash flow statement comprised cash at bank and cash in hand and other short term investment with maturity of three months or less
